

2025

HAPPY

New Year

Lets celebrate and reflect on our past year!

2024 was a tremendous year for environmental impact within our local communities. The stats below reflect our mission to empower communities and diverse workforces while conserving and restoring our natural resources for future generations.

We are both restoring natural habitat and ecosystems WHILE providing career pathways in green jobs.

And of course, we could not have done this without the enormous support of our community.

Thank You!

With your help, we surpassed our fundraising goal for Giving Tuesday & Year End Giving!

Our goal for Giving Tuesday and Year End Giving was to raise \$7,500 for a water well to be installed at our new property, Holly Hills, in Glenwood, MD. With incredible support we managed to raise over \$10k!

We want to sincerely thank you if you donated, spread the word, or supported us in any way this year.

As we move forward with progress at Holly Hills we will continue to update you on the water well project. If you would like volunteer at Holly Hills, check out the opportunity below! Holly Hills will be one of the many locations we're beautifying for our Annual Watershed Makeover

Goal: \$7,500
Result: \$10,516
(140%!)
